Purpose of the policy: The purpose of this policy is to ensure that Insured Persons who travel by one of the means of public transport hereinafter indicated: aircraft, train, boat or bus, departing from the country of their usual place of residence, benefit from the covers and amounts indicated in the Special Conditions in the context of the application of these General Conditions, provided that 100% of the costs of the Trip have been paid, before departing on the Trip, with an Insured Card.

Coverage is equally afforded for Trips made in a Rental Vehicle.

The single or return Trip from/to a place of embarkation with a view to making the Insured Trip is equally covered, even if this journey has not been paid for with the card.

Risks covered: In case of an Accident occurring whilst resorting to one of the aforementioned means of public transport, Insured Persons are covered in case of death or of permanent PPD (permanent partial disability), provided that the degree of such disability represents at least 25%, calculated in accordance with the Belgian Official Disability Scale (BOBI) in force on the day of the Accident.

Automatic extension to include certain risks during Overseas stays: There shall also be entitlement to the coverage referred to under Section “Risk covered” for a maximum of 60 days in case of Accident whilst the Insured Person is Overseas, even if the Insured Person does not use a means of public transport. During this Overseas stay, there is entitlement to the Accident coverage 24 hours a day.

a. Death as the result of an Accident

If the Insured Person dies within two years of the Accident included in the cover solely from the after-effects of the aforesaid Accident, the sum specified in the Special Conditions will be paid to the beneficiaries.

If after a period of at least six months has elapsed as from the Accident and after checking all the evidence and supporting documentation available, the Insurer has every reason to suppose that it is dealing with an injury which is included in the cover, the disappearance of the Insured Person will then be regarded as an event likely to trigger the covers of this policy.

If following payment the Insured Person is found to still be alive, the beneficiary(ies) will reimburse the Insurer with all the sums paid by the latter in the context of the payment of the benefit.

The benefits due in case of death and of permanent disability may not be accumulated.

b. Permanent disability as the result of an Accident

Where the Insured Person is the victim of an Accident which is included in the cover, and it is medically established that some permanent disability remains, the Insurer pays the capital sum calculated on the basis of the amount fixed in the Special Conditions multiplied by the degree of disability fixed in accordance with the Belgian Official Disability Scale (BOBI) in force on the day of the Accident, without however exceeding a degree of disability of 100%. Where the degree of disability is equal to or exceeds 66%, the disability will be deemed to be total and indemnified at the rate of 100%.

The benefit due with respect to any injury affecting limbs or organs which are already disabled or which have lost functionality will be based only on the difference existing between the condition before and after the Accident. The evaluation of injuries to a limb or organ cannot be increased by the pre-existing disabled condition of another limb or organ.

In case the consequences of an Accident are made worse by disabilities, illnesses, causes or circumstances incidental to the accidental event, the benefit cannot be higher than the benefit which would have been due had the Accident affected a healthy body.

The benefit is awarded based on the conclusions of the Medical Examiner appointed by the Insurer or on the medical certificates submitted where no Medical Examiner has been appointed. If stabilisation has not yet taken place 12 months after the Accident, the Insurer may, at the request of the Insured Person, pay a provision equal at most to half of the minimum benefit which is likely to be awarded to the latter on the day of such stabilisation.

The benefits due in case of death and of permanent disability may not be accumulated.

c. Repatriation of the body following an accidental death

The Insurer reimburses the costs relating to the repatriation of the mortal remains of the Insured Person to a cemetery in his former country of residence or usual place of residence; this includes post mortem examinations, embalming and the customs dues necessitated by the repatriation.
